Dear Anthony

Many thanks for your letter. Sad news about Nick, but he had led a positive life and will be missed by many people to whom he gave help and support.

I remember him since he was five at North Aston where he livened things up. I saw him at intervals ever since especially when I was doing the West Downs book in which he took an active part. The OWD Society would surely have disappeared without him. I wonder if it will continue.

~~I am sorry not to be able to come to his funeral, but I am now almost immobile, but I would certainly like to pay a tribute to Nick by a donation to St Joseph' Hospice. I hope he was well looked after there.~~

Please give my love to Margaret Anne. Perhaps we can have another lunch at the Sloane Club in due course.

All good wishes

Anak
