Dear Anthony and Daniel,

I was very

sad to learn that Nick had died. He was a most interesting individual, I always thought as one of life's unsung heroes. We ^{had} one thing in common, love of the North of Scotland and the language Buchan, where I spent my early years. I know he will be missed by so many people from a very wide

spectrum and of course even more so
by you both. I shall keep fond memo-
ries of Nick, I was very fond of him.

yours sincerely

Nick
